

This is regarding our radio station K-Love 89.7Fm in Salt Lake City. This is the only Christian Radio station that I am aware of in this city. It is the only music station I listen to because the music is always uplifting and positive. It is a great station for young and old alike. This station gives the public something different to listen to. The public service messages touch the heart and often teach us something new.

Replacing this station by an LPFM broadcaster providing other programing would remove the only station we have that provides Christian music. So you would be removing the only station with music many of us choose to listen too. I also believe that the positive message their public service announcements provide helps to guide families and helps to raise children with high moral standards. It helped me to raise my children. I have been listening to this station for close to 17 years and have supported this station financially off and on whenever possible. Thank you
